

ECO-AQUARIUMS FOR YOUR CLASSROOM! Dwarf Frogs!

Classic EcoAuarium Kit Includes:

- 4"X4" aquarium & base
- Decorative gravel & rock
- Living Gravel
- 4" Lucky Bamboo
- 2 African Dwarf Frogs
- Food for the frogs

Facts:

- Each aquarium is a complete aquatic eco system that requires no additional chemicals, filter, or aeration.
- Aquariums need water replenished every 3 months using fresh bottled water.
- “Living” gravel which acts as the natural filter for the aquarium, does not need to be (and should not be) cleaned.
- Each aquarium includes 2 male adult African dwarf frogs which will not outgrow the aquarium.
- Frogs need to be fed twice a week.
- Average life span is 2-4 years. We guarantee your frogs for the first 30 days.
